WHY CHOOSE AURA™ OUTDOOR HEATING OVER NATURAL GAS OR PROPANE HEATERS?

- Low operating cost of approximately 18¢/hr (based on electricity cost of 12¢/kW hr with 1.5kW heater)
- Produces instant heat with no initial warm-up time
- Wall mounting maximizes floor space with no storage of bulky propane gas bottles
- Provides reliable heat source that won't blow away or fail to start
- Silent and odorless operation with no products of combustion
